Choosing Alternate Electives

Alternates are critical. Please input a minimum of 3 alternate elective requests. If no alternates are listed, **ACHS counselors will select a course on your behalf.**

THERE WILL BE NO SCHEDULE CHANGES IN THE FALL. CHOOSE ALTERNATES WISELY!

Important Points to Consider when Building a 4-Year Plan

Want to participate in multiple 4-year programs (ex.: Athletics & AVID)?

You may consider taking a course over the summer.

Are you fluent in a language other than English?

Consider taking a Credit by Exam (CBE).

Are you interested in earning an endorsement through a CTE pathway?

Know the course sequence for your desired pathway.

Take the first course in the pathway sequence during 9th grade.

Want to participate in a certification program at Reese?

Complete PE, Fine Art, Foreign Language, Health & Professional Communication requirements ASAP.

Schedule Corrections

Schedule Corrections

In the early spring of each school year, students are given the opportunity to choose courses after having met with their counselor for an informational session. In March, students are given an opportunity to verify their course request in Skyward Family Access. After that time the Master Schedule is developed.

The student course requests are used to make decisions about the number of sections of each course. For example, if 60 students request a particular class, two sections will be offered; if only 30 students request the class, only one section will be offered. Therefore, after the Master Schedule has been created, there are very few slots available to accommodate late request for changes.

To maintain balance of classroom numbers and to minimize disruptions to the academic process, schedule changes will be made for the following reasons by using the Schedule Change Request Form.

- To maintain balance of classroom numbers and to minimize disruptions to the academic process, schedule changes will be made for the following reasons by using the Schedule Change Request Form.
- A student has already received credit for the class in which they are currently scheduled.
- A male has been scheduled into a female PE/Athletics, or vice versa.
- A student is in a class for which they do not have the appropriate prerequisite (i.e., enrolled in Spanish II and has not taken Spanish I).
- A student is a SENIOR and needs the requested class for graduation.
- A student is duplicating a class in which they are enrolled through the Dual Credit program at Houston Community College (documentation must be submitted showing the student has enrolled in the course).
- A student requiring a schedule correction must pick up a Schedule Change Request Form and submit to their counselor. The deadline for all schedule correction(s) is 9 days after the start of each semester.

In general, elective change requests will not be honored. However, if a student is trying to move from a regular elective into an extracurricular program (i.e. band, choir, and athletics) the request for the change will be considered but must be initiated by the coach/ program director.

COURSE SELECTION

25-26 Course Selection

Course selection time is here! That's right, it's time to start planning for the 2025-2026 school year. The counseling team will be here to support you throughout this process, so feel free to reach out to your alpha split counselor if you have questions.

8th grade parents: Your students will receive their course selection information through their middle school counselors. Please feel free to submit your questions to their 8th grade counselor, and please reach out if they advise you to do so.
