

Greetings students and parents,

Course requests for the 2025-2026 school year have been posted in the "Portfolio" tab in Skyward Student Access for verification purposes. The window to complete verification will be open from **March 3<sup>rd</sup> - 7<sup>th</sup>**. To access, click on the Portfolio tab and then click on the Course Request Report 25-26. Courses listed are only requests and not an actual schedule. **Please note, this is the final opportunity to make schedule changes for the 2025-26 school year.**

After reviewing your requests, **if everything is correct, no follow-up is needed.**

To correct an error or change a selection, please follow the process set up on your campus:

1. Print out the course requests.
2. Cross out the course to be removed.
3. Write in the new course next to the course to be removed.
4. Both student and parent will sign the form.
5. Students will turn in the form in the same manner they turned in their course selection sheet.
6. Emails will not be accepted – only the printed and signed forms.

Please know that endorsement classes were added as it is the expectation that students complete their chosen pathway.

For rising seniors, you may not see your off period/off campus listed, as discussed in the course selection presentations, students must meet CCMR to have an off period/office aide.

Please know that College Career and Military Readiness (CCMR) is not new. It has been a Fort Bend ISD and state priority to ensure all high schools support graduates to become college, career, and/or military ready. We continue building out our plan in addition to the existing avenues, including Career Pathways with SAT/ACT, industry certifications, TSI, AP, UT Onramps- Dual Enrollment, Dual Credit, and/or military recruitment opportunities. Therefore, we are prioritizing students who still need to demonstrate readiness by ensuring they are on campus to participate in a method to support this preparation.

Please review this [CCMR Indicator Chart](#) for more information.

Thank you for your attention to this important matter.
