## The 100-Point GPA Scale

The GPA system utilized in Fort Bend ISD is referred to as a 100-Point Scale. With this system, the 100-Point Scale is calculated by adding all of the semester averages earned by a student and dividing by semesters attempted. The 100-Point Scale can be converted to the Four-Point Scale which is the most common scale for college admissions, National Athletic Collegiate Association (NCAA) and scholarship applications. Courses in Fort Bend ISD are weighted differently in the GPA calculation used for class rank. See charts below:

## (Dual Enrollment)
