Character Education: Leadership

Leadership is guiding others by setting a good example.

Quaver Ready

LEADERSHIP

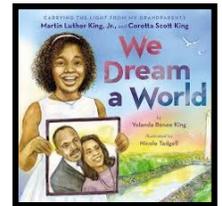

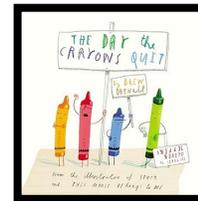

Happy March! Our character education focus for this month is **LEADERSHIP!** Leadership is the ability to positively influence others through responsible actions, respectful communication, and thoughtful decision-making. A strong leader demonstrates integrity, takes initiative, and models perseverance even when challenges arise.

At Lakeview Elementary, we teach students that leadership is not about being in charge, but about serving others, showing empathy, and contributing to a positive environment. Whether working in a group, resolving a conflict, or taking ownership of their learning, students practice leadership by making choices that reflect accountability and kindness. Our Viking families can reinforce this trait at home by encouraging children to take responsibility, speak up respectfully, and look for ways to support others. Click the stories below to learn about LEADERSHIP through literature!

Take Care,

Mrs. Armiger

Julie.Armiger@fortbendisd.gov

Vikings are Compassionate Citizens and Servant Leaders. Our first Sending Love Campaign was a hit. Our Vikings sent some great surprises to senior care centers around the country.

5th Grade Transition to Middle School Course Verification

Course Verification is March 9-13. This is an opportunity to check the courses that your child requested for 6th grade. To view and make a change, have your child log into Skyward and view in Portfolio. Print the verification and cross out the class and write in the new class, sign and date. You can turn it in to the counselor, julie.armiger@fortbendisd.gov. Future SLMS Titans, you may also screen shot the verification and/or email any changes during this window to eleni.smith@fortbendisd.gov. All changes must be done in writing.
