

*Fort Bend has a new portal for accessing online textbooks and other digital resources! We are partnering with Clever to make access more efficient and manageable. The Clever portal puts online textbooks and other select digital resources at the user's fingertips, so that each user can access a personalized dashboard.*

**VERY IMPORTANT NOTE TO TEACHERS:** Some applications require the teacher to assign resources to their students before the students will have access. Please follow all instructions provided from the vendor regarding setting up student resources.

## Using the *Clever Portal*:

STEP	ACTION	VISUAL
