April is Financial Literacy Month

Throughout the month of April, organizations across the country conduct a variety of events and carry out initiatives designed to improve financial literacy, especially among our nation's youth and to promote financial well-being for all consumers.

The Texas JumpStart Coalition is a 501(c)(3) non profit organization that promotes financial education for youth and empowers education champions to join the fight for financial literacy.

Resources for Students include Texas Reality Check (Can you afford your dream lifestyle?), Gen i Revolution (personal finance activity for high school students), and Exploring College and Careers, including planning for college costs.

Resources for Parents include Money Smart for Young People (beginning at Pre-K!) and Building Wealth

Finally, visit Where's George? to track paper currency all over the country! You can even log a bill's first "hit." This website includes resources such as trivia about money and the history of US currency.
